

MAX GAS - DISPOSABLE

Product number: 207056

INSTRUCTION MANUAL

SPECIFICATIONS

GAS	Propylene: ≥ 95% (115-07-01) UN 1077
GAS FITTING	BOM fitting
FUEL CARTRIDGE SIZE	400 g
BURN TEMPERATURE	1982°C / 3600°F

INSTRUCTIONS:

BEFORE USE

1. Check cartridge and torch seals.
Never use with damaged or missing seals.
Discard cartridge if dirt or rust particles are in valve area.
2. Turn off torch.
3. Hold cartridge upright while attaching torch.
4. Attach cartridge outdoors away from pilot lights, flames, sparks and other ignition sources. They can ignite leaking gas.
5. Hand tighten only. Never use tools to tighten. Over-tightening can damage seals.
6. Check for leaks. Spray with a leak detection spray or soapy water on connections. Look for bubbles. Listen for a hiss of escaping gas. Feel for extreme cold. Smell for rotten egg odour.
Do not use if leaking.
7. Read and follow torch instructions.

DURING USE

1. Use upright to prevent flare-ups or flashes. Never drop or throw cartridge.
2. If torch sputters or flares up, turn cartridge upright and turn off torch. Vent area to remove unburned gas. Slowly turn on. After hearing slight hiss, re-light.
3. Never use near pilot lights, flames, sparks, and other ignition sources. They can ignite leaking gas.

AFTER USE

1. Turn off torch. Let cool.
2. Detach torch when not in use.
3. Detach outdoors away from pilot lights, flames, sparks, and other ignition sources. They can ignite leaking gas.
4. Replace cap to keep valve clean.
5. Store the gas cartridge outdoors in a well ventilated area out of the reach of children. Any indoor storage area shall comply with AS/NZS 1596.
